Tangerang, Indonesia | +6289522913204 | devinnovansyah1611@gmail.com | [LinkedIn](#) | [Portfolio](#)

Profile

Informatics Engineering student at Mercu Buana University with a strong interest in technology and innovation. Possesses foundational knowledge in data science, machine learning, and artificial intelligence. Highly motivated to gain practical experience through internships, collaborative projects, and real-world problem solving. Fluent in both Indonesian and English, enabling effective communication in both local and international environments. Eager to continuously grow as an IT professional and contribute to teams focused on technology and innovation.

Education Level

Universitas Mercu Buana - Jakarta, Indonesia

Sep 2023 - Present

Bachelor of Informatics Engineering

GPA: 3.62/4.00

Experience

PT Lippo General Insurance Tbk – Tangerang, Indonesia

Apr 2026 - Present

Business Intelligence Engineer Internship

- Collaborated with stakeholders to gather reporting requirements, analyze business needs, and deliver data solutions through SQL queries, dashboards, and automated reports.
- Developed and maintained Python-based ETL pipelines to automate data extraction, transformation, and loading into BigQuery.
- Optimized SQL and BigQuery queries to improve data retrieval performance for policy and claims analysis.
- Developed interactive dashboards using Power BI and Metabase to monitor policy issuance, renewals, and claims performance.
- Performed data validation and cleansing activities to ensure data accuracy, consistency, and reliability across reporting datasets.
- Investigated and resolved data discrepancies between source systems and reporting datasets to improve reporting accuracy.
- Conducted ad-hoc data analysis and reporting to support business operations and stakeholder decision-making.

Informatics Engineering Student Association (HiMTI) - Jakarta, Indonesia

Oct 2025 - Present

Head of Internal Project Control Subdivision – PSDM Division

- Monitored and supervised the implementation of HiMTI work programs to ensure alignment with organizational goals, timelines, and standards.
- Developed project plans, activity timelines, and monitoring frameworks to support effective program execution.
- Evaluated member performance and task completion through periodic monitoring to improve team productivity and accountability.
- Prepared monitoring and evaluation reports to document program progress and support data-driven improvements.
- Coordinated internal meetings, identified implementation challenges, and recommended solutions to ensure timely and efficient project delivery.

Professional Training

IDCamp x Dicoding Indonesia - Indonesia

Sep 2025 - Mar 2026

Data Scientist

- Introduction to Artificial Intelligence (AI)
- Data Science Fundamentals
- Structured Query Language (SQL) Fundamentals
- Python Programming for Data Science
- Machine Learning for Beginners
- Fundamental Data Analysis

Microsoft Elevate Training Center x Dicoding Indonesia - Indonesia

Oct 2025 - Present

Artificial Intelligence

- Learning Data Science Implementation with Microsoft Fabric
- Building Generative AI Applications with Microsoft Azure
- Getting Started with Python Programming
- Machine Learning for Beginners
- Fundamentals of Data Processing

Coding Camp 2026 by DBS Foundation x Dicoding Indonesia - Indonesia

Mar 2026 - Jun 2026

Data Scientist

- Introduction to Financial Literacy
- Data Science Fundamentals
- Structured Query Language (SQL) Fundamentals
- Python Programming for Data Science
- Machine Learning for Beginners
- Learning Personal Development Strategies

Pijak Flash Class by IBM SkillsBuild x Dicoding Indonesia - Indonesia

Apr 2026 - Jun 2026

AI Engineer

- Introduction to Artificial Intelligence
- Introduction to Generative AI
- AI Ethics
- Introduction to Artificial Intelligence (AI)
- Getting Started with Python Programming
- Machine Learning for Beginners
- Fundamentals of Deep Learning
- Building Machine Learning Systems

Skills

- **Hard Skills:** Python, Data Analysis, Pandas, NumPy, Scikit-learn, Microsoft Excel, Google BigQuery, SQL, Metabase
- **Soft Skills:** Communication , Teamwork, Problem solving, Fast learner, Time management, Responsibility, Leadership, Adaptability
